

Join us in Palisades Tahoe!

Palisades Tahoe is located in Olympic Valley and is the 3rd largest ski resort in North America, minutes from North Lake Tahoe.

It was the host site for the 1960 Winter Olympics.

Formerly named Squaw Valley, the resort changed their name in 2021 to Palisades Tahoe.

“Palisade” is a line of bold cliffs, referencing 2 of the resort’s terrain areas:

- Palisades (formerly Olympic Valley) has iconic granite walls.
- The terrain alongside the historic Alpine Bowl Chair in Alpine (formerly Alpine Meadows) is more hidden but it’s a powder-day favorite.

Mountain Statistics

- Base elevation 6,200 ft.
- Peak elevation 9,050 ft.
- Average snowfall 400 in.

Ski Area (in both Palisades and Alpine)

- Skiable acres: 6,000
- Runs: 270 run
- Lifts: 32, including 10 high-speed express chairs
- Extensive grooming.
- A complimentary shuttle service runs between the base areas every 15 min.

Palisades Tahoe Logo

Vital to Olympic Valley’s history and the Washoe people, the Eagle is a legendary symbol of freedom; keeping watch over the valleys.

The 2 dark-blue peaks can represent mountains, eagle feathers, or the waters of Lake Tahoe.
